A basic html/css template for web concentration portfolio 1 students
Download this template and use it to build a simple portfolio website. There are lots of comments in the code to explain what is doing what, plus I have made a google presentation that will walk you through some of the things you need to do. Those slides can be found here:
https://docs.google.com/presentation/d/1ybdws_K_1xUW_wzs9dISobAagYgSCbpZaJKJ1cLyp6k/edit?usp=sharing
Using this template requires a basic understanding of HTML and CSS
